

Public Speaking Reaction Paper

Read the Chapter One text and watch one Ted Talk video of your choice. You will, then, write a single reaction paper for both the chapter and video, using the following guidelines:

-Typed, MLA Format

-3-5 pages

-PRINTED

Prompt:

-Summarize the important points of the chapter one text. Make sure to include a summary of any important information from each heading. What terms(vocab) seem to be the most important in this chapter?

-What information did you know that was confirmed by this chapter? What information was new to you? What connections did you make from the text to the "real world?"

-Who was the Ted Talk speaker? What was the content of the Ted Talk speaker? How did they effectively share this content? Can you apply information from the text to the speaker's situation, delivery, content?

Word to the Wise:

The format of the paper is MLA to give you a structure that you are used to and will be required in college. The paper is a reaction, so I need to see that you know the information from the text and can apply it to an actual speech you watched. Don't overthink it, but DO PROOFREAD IT!!!!
