

Research Project PACC Public Speaking

Choose one of the following topics:

1. Is it okay to censor certain works of art?
2. Does the spread and consumption of popular culture harm society?
3. Should the privacy of public figures be considered in the media?
4. Should schools and lawmakers do more to protect kids from cyberbullies?

Choose a side of this argument by making your topic a declarative sentence.

Ex: Artwork should be censored. (Feel free to specify this even more)

Using SIRS and other databases in our Library, find four sources that support your statement.

- **Two of these sources need to be from SIRS**
- **Two of these sources must be from another library database**
- **None of these sources come from the web, otherwise**

Create a works cited page.

Create a document with four quotes/stats- one from each source.

Turn them in and celebrate your genius.
